

## Old Rauma and the charming wooden houses

Ornate wooden houses, idyllic street views, lace, art and artists, history, modern life, and a unique atmosphere. The UNESCO World Heritage Site, Old Rauma, is an extensive wooden town area full of exciting activities and sights.

Explore on your own or dive deeper into the history of the area with a guided walking tour. On summer Wednesdays and Sundays, public guided tours of Old Rauma are available from July 1st to August 23rd. On Wednesdays the tours are in Finnish and on Sundays the tours are bilingual (Finnish/English).

### Visit responsibly

Rauma offers unforgettable experiences both on land and at sea. A responsible visit ensures that Rauma's unique sites remain preserved for future generations.

Walking through the narrow alleys of Old Rauma is like traveling back in time. As a UNESCO World Heritage Site, the area requires special care—respect the historical surroundings, local residents, and support small boutiques and cafés that keep traditions alive. Prefer walking or cycling in the area to minimize environmental impact. The UNESCO World Heritage Site Sammallahtenmäki is a historically significant burial cairn area. Stay on designated paths and leave the environment undisturbed to preserve its natural state.

Rauma's archipelago and the Bothnian Sea National Park invite you to explore and relax. Keep the unique archipelago nature clean by taking your waste with you and following outdoor etiquette. Support local services and respect the fragile ecosystem to help maintain the vitality of the marine environment.
